It's time to get to know Financial Partners Group and Woodbury Financial.

Financial Partners Group (FPG) is proud to be affiliated with Woodbury Financial. We know that selecting the best broker-dealer is a serious and complex decision and having Woodbury as our Firm's broker-dealer allows our advisors the ability to focus on providing transparent and holistic solutions for their clients. With Woodbury being a part of Advisor Group, they are able to offer the resources of a larger broker-dealer, yet operate independently, allowing them to maintain the rich culture and close relationships of a smaller firm.

Economic Alignment

FPG and Woodbury work in an interdependent manner to offer a competitive and growth-orientated compensation plan. If you are an advisor or part of an advisor teaming group, FPG has at the local level the discretion to offer an overall compensation and support plan that reflects your current mix of business/GDC while also planning for the future. In the end, the collaborative objective of FPG and Woodbury is to create an environment that is individualized, focused on growth and enhancing the client experience in a very competitive manner.

Choice and Independence

As you know, FPG believes in offering transparent and holistic solutions for your clients. Woodbury aligns with these beliefs as they pride themselves in offering you the best and broadest selection of products backed by extensive research and due diligence. This level of independence enables you to provide truly sound, unbiased advice with the best available solutions to meet your client's needs.

Technology

Woodbury's customizable, integrated technology solution helps you minimize paper flow, maximize office efficiencies, reduce software costs and ultimately provide better service and advice to your clients.

Service and Support

FPG's unique approach includes local support from our Firm and Woodbury along with MVP service for top producers. In addition, our advisors have access to Woodbury's dedicated team of experts to help with complex business issues and provide ideas to enhance their practice. From on-staff advanced sales attorneys to strategic business partners, advisors are amazed at the depth and breadth of Woodbury's infrastructure.
